Marina uses primarily commercial glazes to decorate the tiles, including Mayco Stroke and Coat, Spectrum, and Georgies. Marina showed how she uses a fine tip slip trailer and a brush to push the glaze up to the wax line. Marina brought many of her finished pieces. She also announced that she was participating at the "(un)veiled" show at the Block Gallery that opens April 7 and runs through May 23. The meeting was adjourned.

POTTERS OF THE ROAN AT THE MAHLER

May 6 – June 4, 2011

From Megg Rader

We have an upcoming exhibition at The Mahler that I'd love to share with TPG members.

Potters of the Roan is a collective group of NC potters near Bakersville with their studios scattered around Roan Mountain. The unique part about this exhibition is that it is the first time that the collective group has shown in this area. They have a regular studio tour and frequently have shown at Crimson Laurel Gallery in Bakersville and individually all around, but never together in our area.
