Functional Ware Handbuilt from Textured Slabs of Clay
March 13, 2015 – 7-9pm Lecture and Slide Show
March 14, 2015 10am-5pm
March 15, 2015 10am-4pm

Come explore Sandi's beautiful forms in a two-day demo only workshop. Sandi makes her pots with slabs rolled with a rolling pin and then either textures the slabs as a flat surface or carves the finished forms. Her impeccable work and lively designs are an inspiration to other potters as they bring creative life into the daily rituals of eating and drinking.

Costs: TPG Members \$75
Others \$110
